Banyule Primary School

January 2024

Dear Parents/Guardians,

Banyule Primary School is looking forward to another great year of teaching and learning and would like to advise you of the school's voluntary financial contributions for 2024.

Schools provide students with free instruction to fulfil the standard Victorian Curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

In the past, support from our community has allowed us to purchase things such as additional IT support, ongoing service of equipment, additional materials, support and programs that help us cater for the needs of every student, facilities projects and maintenance, library books etc... This all helps to ensure our school can continue to provide the high quality education and development opportunities for all students.

Banyule Primary School understands that some families may experience financial difficulty and offers a range of support options, including:

- Payment Plans including regular payment instalments for all extra curricular activities
- The Camps, Sports and Excursions Fund (CSEF) is available for eligible families.
 - Families holding a valid means-tested concession card are eligible to apply. Application forms can be obtained from the Office. Parents who currently receive the CSEF and who remain eligible will automatically have their 2024 application processed by the School.

For a confidential discussion about accessing these service options, or if you would like to discuss alternative payment arrangements, please contact the Business Manager, Betty Horan on 9459 0732 or email: betty.horan@education.vic.gov.au

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Natalie Shanahan

If Parents choose to purchase materials themselves, this should be done in consultation with the School, as items must meet the specifications and policies of the school. The school receives a very competitive price as we buy in bulk and distribute, as required, throughout the year. We have found that this method is beneficial to your child. There may also be certain items that due to their nature may only be provided by the school. However, should you choose to purchase your own items, please see the link below to enable you to purchase from our suppliers directly: www.winc.com.au and they will supply you with a list of requirements for your child's year level. Please note, if you choose this option you may be required to replenish supplies throughout the year as required.
